Message from the President

A warm welcome to all taking part in our S.A.S.A. National Open Swimming and Diving Championships 1983.

This year sees, for the first time, this occasion affording competitors this opportunity to be considered for the European Championships held in August in Rome, Italy. Whether this, or some other goal, is your target, we wish all competitors successful performances.

We extend a special welcome to the West German Team—12 swimmers and three officials—who join us for the first time also in the Scottish Open Long Course Championships.

Members of the swimming world will be interested to learn of the visit to Scotland of DR JAMES COUNSILMAN. "Doc. Councilman" will be guest speaker at a swim clinic to be held at Stirling University from August 26th—28th.

Our thanks are due to Mr Andrew Taylor and his Organising Committee for all their work which enables events of this calibre to take place. We are also greatly indebted to Mr David Thomson and his staff for their ever ready co-operation and help in running Scottish Championships. With 1986 beckoning, every performance in this excellent facility of the Royal Commonwealth Pool takes on a new significance.

Good wishes to you all—spectators, officials, competitors and coaches.

President, Scottish Amateur Swimming Association
