President's Message

The 1977 "Milk for Energy" Age Group Championships are about to take place, and the Scottish Amateur Swimming Association Council and members are more than delighted to be back in the Royal Commonwealth Pool where many exiting events have been held in the past.

It goes without saying that these Finals provide the most competitive atmosphere of any of the Championships in our Calendar and the spectators I am certain will play an important part by adding vocal support to the swimmers. The hard work put in by swimmers and coaches will be put to the test over the next day and a half and we all wish them the best of luck in their efforts.

Dave Haller has now left Scotland to take up a position in the South of England and on behalf of the Association may I wish him well in his new post. We have been most fortunate in that Jack Queen will take over the responsibilities of Director of Swimming meantime and along with the coaches who are already working very hard, will continue the development of Scottish Swimming.

The Association is most grateful to the Scottish Milk Marketing Board for its continued sponsorship without which this current year would have been even more difficult financially. The Board's members have indeed proved their interest in our endeavours by providing finance and many other extras to make swimming competitions possible.

Scottish Television's presence here is vital to the promotion of swimming, many thousands of viewers will, we feel sure enjoy the entertainment of our sport.

Thanks are due to Mr Bob Burnett of Cronus Timing for supplying the digital stopwatches being used during the Championships.

May I thank the Organising Committee and its Chairman, George Philp, for all the work involved in preparing for these Finals. The Age Group Committee and its Convener Mr Tom Nelson for all the preliminary work which was considerable. Mr David Thomson and The Staff of the Royal Commonwealth Pool whose expertise is much appreciated and to all the advertisers in the programme for their financial assistance.

In conclusion may I take this opportunity to thank each and everyone concerned for making these Championships possible and for their loyal support.

The Scottish Age Group Championships have attracted over 3,000 entries this year. The fastest of whom have qualified in District Time Trials to compete in these finals. Since, for the time being, the Scottish Age Group records can only be set at the championships and these were first held in the Royal Commonwealth Pool in 1973, the current Scottish Age Group Records held in a 50m pool are held by the respective Champions.

Competitors must remain in their places in the water at the end of a race until instructed to leave by the referee.

PRESENTATION. Club Track suits will be worn. Not Scottish Team. All competitors must be registered and Registration No. quoted.

WITHDRAWALS. Any competitor who undertakes to appear at a competition and without adequate reason fails to appear shall be reported by the organising committee to the S.A.S.A. Council who shall investigate and take appropriate action.

St. Andrews Ambulance Association Personnel will be in Attendance.

Bank your earnings with us

On the basis of today's average wage, you are likely to earn upwards of £100,000, between leaving school and retirement.

The chances are you will earn more—perhaps as much as a quarter of a million.

It may seem a lot, but it will have to go a very long way. You will be meeting bills, starting a home, educating children, buying cars, taking holidays, buying insurance and so on.

All this means that you're going to need someone to help look after your financial affairs. Someone to help you handle your money to best effect.

Someone you know and trust. Someone like your local Banker.

Come in and make friends with the Bank of Scotland. We'll show you just how much a bank account can help you.
