and a good evening tonight.

~~The~~ The Loyal Toast was
Proposed by the chairman
who then requested the 'seube'

to read the minutes of 1974 which were written in a rather different vein from the usual but well received by the gathering.

Alex Spence requested 'Jock' to propose the toast to the association, which he did in a formal manner, & the new President Mr Peter Healy suitably replied.

The matter of a gift of some description to the Commonwealth Games team had not materialised as the sum collected was insufficient to present a suitable gift. It was decided to leave the matter to the next dinner - Mr Healy agreed to give some thought to this throughout his year of office.

An informal discussion took

place on the question of representations by the reigning Presidents to visiting or officiating at home or abroad but nothing was suggested that would help. Personally I think the business should be pursued as a number of Presidents had been embarrassed during their year by lack of a pleasant procedure.

An excellent meal was enjoyed & a general conversation with story telling was appreciated. The Presidents telling of the enjoyable incidents that had occurred during their term of office.

Mr Alex Spence & Mr George Prescott had done a first class job in arranging the dinner & were sincerely thanked & Mr L. Turberville was requested to arrange the dinner next year.
