## DANNY MCGOWAN – TEAM MANAGER – SWIMMING

The travel arrangements were carried out in a user-friendly manner and with the exception of a long delay for luggage at Kuala Lumpur, it was very satisfactory. Likewise, transport to the competition venues proved to be adequate with no major problems. The Scottish Centre at the Equatorial Hotel turned out to be a huge success, providing an excellent venue and a haven to get away from the crowds. The staff involvement

from the Scottish Sports Council enhanced the 'professionalism' of our preparation and their expertise should be encouraged in an agreed programme of support to the benefit of all concerned. The aquatic facilities were outstanding, coupled with very helpful liaison staff. However, what did prove unsatisfactory was to have the competitor poolside seating integrated with that of the spectators. The technical organisation and result service was of a high standard and the medical support from doctors and

physiotherapists was excellent. The team acquitted itself well. Several Scottish records were broken, for example, in the women's 100m freestyle, the men's 100m freestyle, both the men and women's freestyle relay and the men's medley relay. In addition, five of the swimmers achieved a Personal Best and two a Season Best. Alison Sheppard won the silver medal in the 50m freestyle. Bank of Scotland was a very suitable and enthusiastic supporter of the team.
